Year 1 are heading back to the 90s!

1RR have had a great time this week, starting to learn all about life in the 1990s as part of their History topic!

They weren't too keen on the **very strange** sound of an **Internet dial-up modem**, but they loved looking at old photographs of Miss Ryder when she attended our school!

Their favourite part so far, though, has been exploring some of Miss Ryder's childhood toys – especially the **Trolls**, which she used to save up her pocket money to buy!

We wonder what other surprises from the 90s they'll discover next...

A Week in 4LM!

4LM have had a fantastic week of learning! In PE, we have been developing our netball skills, practising pivoting and shooting with increasing accuracy. In Maths, we have been exploring the part-whole model and using it to help us understand numbers and calculations. In Science, we have been learning all about food chains and created and labelled our own. What a busy week of learning!

Mr Mycroft-Armer

These children were invited to **Mr Mycroft-Armer's** hot chocolate afternoon.

They were nominated by teachers and parents in recognition of them going **above and beyond** or **excelling** in an area, not just academically.

Well done to:

Maddison, Francis, Catarina, Sophia, Oscar, Robbie and Daisy

New Leads and Harnesses!

Our brand new leads and harnesses have arrived!

They are a smart black design with a rainbow detail (just like this one!).

Look out for Joey and Chandler wearing them on their walks next week!

New adventures coming soon!

Meeting our IQM Assessor

This week we were very excited to meet our IQM assessor and show her around our wonderful school.

We made sure she had a proper New Brighton welcome (and lots of tail wags!). We showed her our classrooms, outdoor areas and all the special things that make our school such a brilliant place to be.

Showing off our amazing school!

Lots of Walks and Running Up Hills!

We have enjoyed lots of walks around our local area this week, exploring different routes and getting plenty of exercise. We have been running up hills (even the steep pavements near school!), which is great training for our strong legs and happy hearts. We love being out and about together, taking in the sounds of New Brighton.

Up we go!

Chandler Joins a Phonics Lesson

Chandler had a very important job this week... he joined in with a phonics lesson!

The children were brilliant and Chandler was so calm and attentive. He enjoyed sitting with the children, listening to the sounds and being part of their learning. What a clever boy!

Phonics is fun!

Joey Meets a New Friend

On one of our walks this week, Joey spotted the guide dog statue outside the Floral Pavilion. He thought it was a real dog and very kindly tried to make friends! He gave it a gentle sniff and a wag, before realising it wasn't moving. Maybe next time, Joey!

New friends come in all shapes!

Paw-some Joke!

Why did the dog bring a ladder to school?

Because he wanted to go to high school!

That's paw-sitively brilliant!

With wagging tails and kind hearts, we make every day brighter!

How to master your back-to-school routine

The summer holidays can feel like they've flown by! After weeks of relaxed mornings, late nights and plenty of time to play, it can be a big change for children when it's suddenly time to get back into the school routine.

Early mornings, getting dressed for school, packed lunches, homework and busy days can all feel a little overwhelming at first – especially after a long break.

The good news is that there are lots of simple things you can do at home to help make the transition easier.

Parenting Smart

A guide for parents and carers to keeping kids healthy this school year

As children head back to school and we move closer to winter, now is a good time to familiarise ourselves with some of the common illnesses that can cause disruption to children's time in school during the colder months.

MHST PARENTING PROGRAMMES.

MHST Wirral offer a range of parenting support groups, speak to your school's Mental Health Lead, if any of the below are of interest to you and your family.

From Timid To Tiger - An evidence-based 10-session parenting programme designed to help parents and carers support children (typically aged 5-12) dealing with anxiety and related behaviours that challenge.

Riding The Rapids - An evidence-based program designed for parents of children (typically 3-16) children with learning disabilities, or complex needs. The course focuses on understanding, managing, and reducing anxiety-related behaviours that challenge while increasing parental confidence and well-being through practical, neuro-affirmative strategies.
