SPOTLIGHT ON YOU...

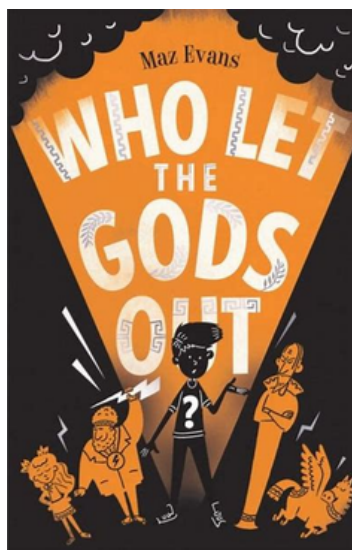

YEAR 5: In the Learning Limelight!

Spotlight on Who?

Have you ever wondered what it's like to live the life of a Year 5 student? Read on to discover what a Year 5 learner experiences day to day.

Reading

Our class reader this term is *Who Let the Gods Out?* We have all really enjoyed this book. It is based on Greek mythology. One of the funny phrases in the story is "300th time lucky," which means it is Zeus's 300th time having a wedding!

History

History helps us understand the importance of the past. This term, we have focused on the Groovy Greeks. So far, we have been learning about Greek gods and goddesses, as they ruled the Greek world. We also learned where the ancient Greek people came from. Our students in Year 5 have really enjoyed this topic because it is fun and exciting to learn about.

English

In English, we learn how to write detailed paragraphs and master our vocabulary. A balanced argument is one of our main topics this term. Learning how to write a balanced argument helps us understand politics and how the world works. Another important topic we study is Greek mythology, which helps us understand the ancient Greeks across different subjects.

Oracy

Our school is known for its fantastic oracy skills. In Year 5, we use our oracy skills to the highest level. To develop this further, we contribute to oracy assemblies, which allow us to hone our skills. We also use oracy when we talk to our peers in class and discuss our opinions with one another.

Hear from the Hedgehogs

By Laiba and Humaidh

Miss Biddle joined Pinner Wood in September. We sent our top interviewers Laiba and Humaidh to learn more about her.

Q. Can you share a challenge you have faced as a new teacher and how you handled it?

One challenge she faced was settling into the role —learning the curriculum and becoming familiar with it.

Q. How do you create a safe and happy environment for your class?

She creates a positive environment by playing with the children, understanding them, and being a trusted adult. She also keeps the classroom tidy.

Q. At the beginning, did you expect this job to be hard or easy? Why?

She expected it to be hard, but it turned out to be even harder. Teaching has changed over time but she still enjoys it.

Q. On a scale of 1–10, how much do you enjoy working with the students?

10/10

Join the Clubs

Kerrie has compiled information on the tremendous clubs available at Pinner Wood. With so much on offer, you will never be “board” again.

Oracy Club is where you can share your ideas and suggestions with the people who run it, and they will try their best to improve things based on what you say. It's a great place to use your voice and make a difference!

Homework Club is perfect if you don't have time to do your homework at home or if there's another reason you can't complete it. You can go to Daintree Class on Wednesdays, from 12:15 to 12:30, to get it done.

Choir Club is perfect for people who love singing or want to try a new hobby. It takes place on Wednesdays, so go for early lunch. They might even choose songs you already know — so come along and have a great time!

If your parents are busy and you need somewhere safe for you after school, this club is ideal. At **After School Club**, you'll be given dinner and pudding and enjoy lots of fun activities!

Want to improve your drawing skills? **Sketch Club** is the place to be! Held in Sherwood on Wednesdays, you'll get to colour using crayons, felt-tip pens, and pencils. It's creative, relaxing, and highly recommended — come and join the fun!

Board Game Club is a place where you can play lots of different games. They even give out free popcorn!

Uno to Cluedo

Written by Max Crowhurst

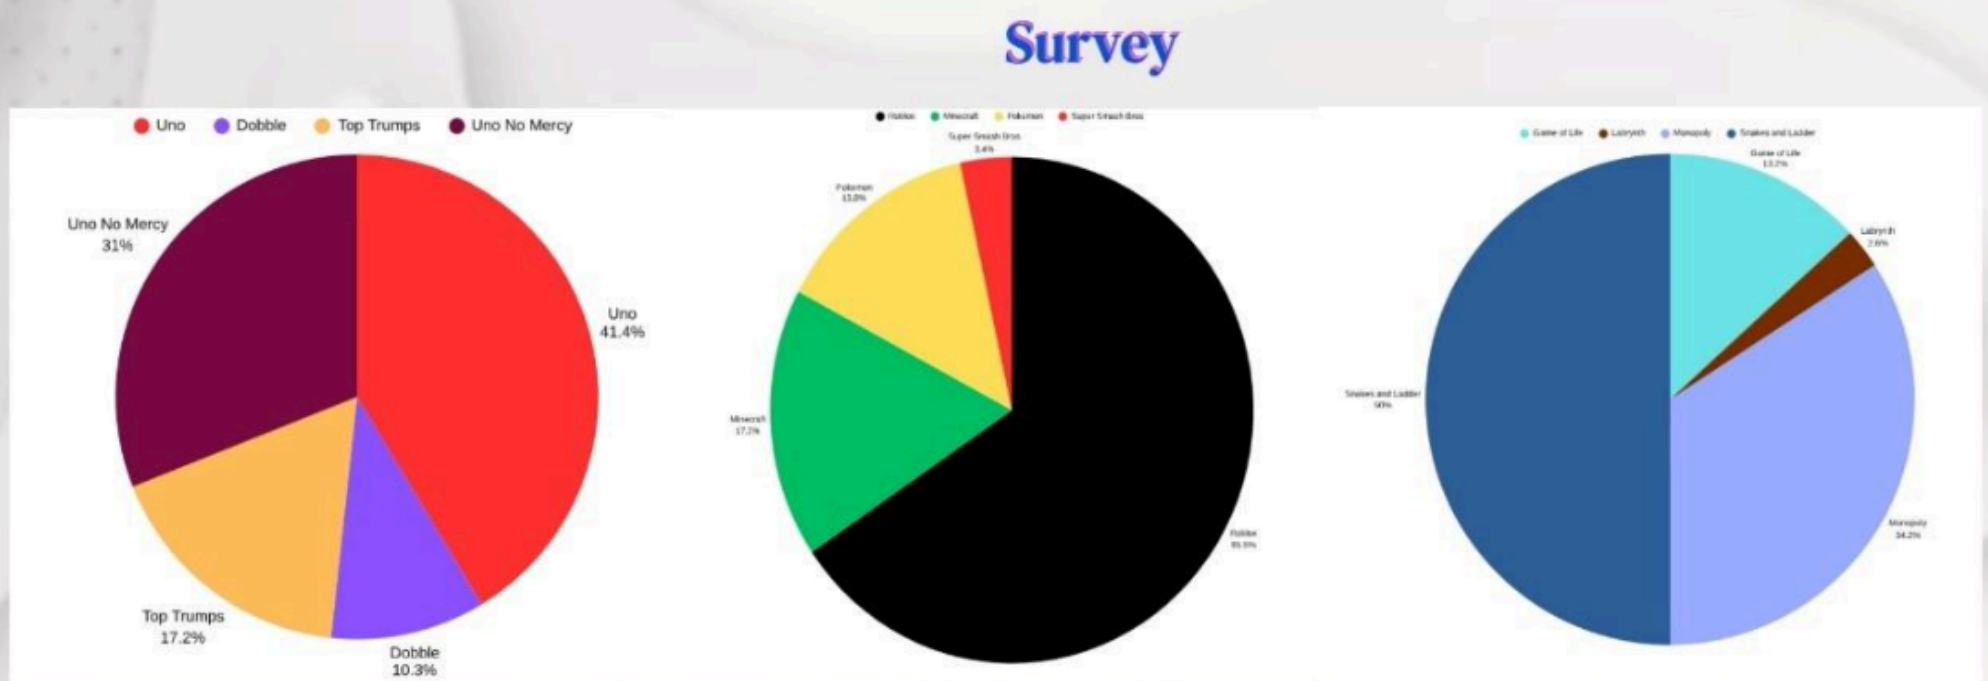

On Friday 13th February, Lincoln partnered with Daintree to play a variety of games, including Uno, Uno Flip, Jumanji, and Connect 4. This was our buddy class activity, and Daintree chose to spend the session enjoying board and card games together.

Here are some thoughts from the players:

- “I believe that in Uno Flip, you must look at the back for a switcheroo!”
- “I believe the trick is to make multiple options for a Connect 4.”
- “I believe in Uno you must think before you place, so you can shout UNO!”

A recent survey of Daintree members reveals some clear favorites across three popular gaming categories.

Card Games

Video Games

Board Game

This data was graciously given to us by the loving members of Daintree (excluding Mrs. Devlia)

Strength Through Positivity

Written by Sia

The strength positivity. Positivity through strength. No. Here at Pinner Wood, we are masters of one value, and that is Strength through Positivity.

Strength through Positivity is the art of facing any challenges that come your way. Facing challenges means being resilient and meeting every bump in the road with determination.

Take babies, for example. They don't give up when they're learning to walk. They fall, get up, and try again until they eventually succeed.

There are three steps to becoming a master of this:

1. Learn, learn, learn
2. Realise that hard work is key
3. Face it

Enjoy these jokes handpicked by Hattie, buckle in for some chuckles.

What type of bow can't be tied or untied?

A rainbow.

How does the sun listen to music?

On the ray-dio.

Which baseball player makes the best pancakes?

The batter.

When is the best time to buy a trampoline?

Spring time.

Medical Needs

This school is so caring that even if you hurt yourself, require special treatment or have any other medical needs, you will still be fully supported.

Pinner Wood welcomes children from all over the world—whether you come from India, Thailand, or anywhere else, you will be greeted warmly and included in every part of school life.

Biography of Pinner Wood School

Pinner Wood School is a wonderful school in Harrow. It is well known for its commitment to sustainability and its positive, welcoming atmosphere. Everyone at the school is friendly and supportive, new pupils quickly feel at home. The teachers are kind, encouraging, and always ready to help. You'll be glad you joined this school.

Woods**

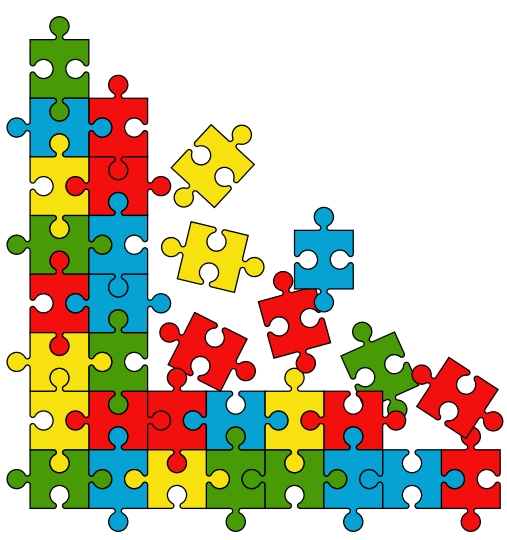

Teachers and Staff

As mentioned earlier, all the teachers at Pinner Wood are kind and dedicated. The staff are excellent at teaching and want the very best for every pupil. They work hard to help you succeed so that you can achieve a great job in the future. No matter when you join, the school will always offer you a warm welcome.

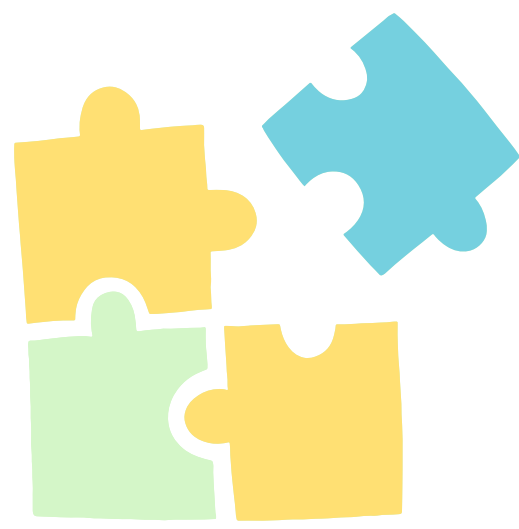

Trips

The lessons at Pinner Wood are fun and engaging. In Spanish, for example, we sometimes make fruit kebabs when we do well. The school also offers exciting trips—at least one every term. You might visit a synagogue, the Roald Dahl Museum, or the Verulamium Museum (a Roman museum). I've been to all of these places, and they are fun, educational, and memorable.
