The Old Courthouse, Halifax

We are hosting three exam skills sessions for people working towards a performance exam up to Grade 3.

Music exams are not just about being able to play your instrument. They include tests to assess your musical listening skills and perception, covering pitch, pulse, rhythm, melody, harmony and other musical features. This short course will teach you the skills needed to feel confident with the aural skills section of your music exam. This not only helps you pass your exam but builds your skills as a musician.
