1. Purpose and Scope

This policy sets out how The Cherry Tree Trust (Newall Green Primary School) will procure goods, services, and works in a way that is transparent, fair, and provides value for money.

It ensures that:

- Trust funds are used lawfully, in line with Articles of Association, Funding Agreement, and the Academies Financial Handbook.
- Spending is conducted in a way that commands broad public support.
- Trustees meet their responsibilities as charitable trustees and company directors.
- Conflicts of interest are managed appropriately.
- Competitive tendering, where required, is carried out in line with legislation and best practice.

Note: Competitive tendering is a part of the overall procurement process and applies to contracts above specific thresholds. This policy covers all procurement activity, including purchases below these thresholds, use of frameworks, direct awards, and emergency spending.

2. Legislation and Guidance

This policy aligns with:

- Academies Financial Handbook (2025)
- DfE guidance on buying procedures and procurement law
- Public Contracts Regulations 2015 (PCR)
- Funding Agreement and Articles of Association

Trustees must ensure that any competitive tendering activity complies with PCR thresholds and best practice for value for money.

3. Roles and Responsibilities

3.1 Trustees

- Ensure value for money and public accountability.
- Use professional advice where appropriate.
- Avoid conflicts of interest, excluding themselves when necessary.

Light touch regime	Above £663,540	Legal/third-party support

Legal advice will be sought for contracts exceeding PCR thresholds.

5. Framework Agreements

- Frameworks are pre-tendered arrangements offering value for money.
- Selection may be by direct award (if permitted) or mini-competition.
- Decisions and reasons for framework and supplier selection will be documented.

6. Valuing Contracts

- Value is whole-life cost, including fees, maintenance, delivery, and disposal.
- Contract extensions are included in value.
- Splitting contracts to bypass thresholds is prohibited.

7. Evaluating Tenders

- Tenders will be evaluated against criteria in the tender document, including cost, quality, delivery, performance, and risk.
- Additional criteria may be applied depending on the contract.
- A scoring system (1–5) is used, and records of evaluation are retained.

8. Conflicts of Interest and Related Party Transactions

- Report all related-party contracts to ESFA before commencement.
- Approval is required if:
 - Individual contract > £20,000, or
