

Sports Premium Plan

2026 - 2027

This document outlines the intended use of the Sports Premium funding for the first two term (up to Easter) of the **2026 - 2027** academic year. Due to the uncertain requirements and needs of our every changing cohort this plan will evolve/change over the academic year. The main focus of the Sports Premium is to increase the opportunities to participate in physical and healthy activities by all learners within the setting. The vast majority of learners referred to us, arrive having not had the opportunity to attend offsite/enrichment activities including swimming lessons in their previous mainstream schools due to poor attendance, behavioural concerns, risk assessments or medical issues.

The proposed spending of the allocated funding will give all learners an increased opportunity to access and participate in a range of new and physically challenging activities, both on site and off site. In addition to this, the funding will also be used to provide learners with the appropriate outdoor clothing and equipment not readily available to some families, to ensure they are all able to access the activities provided.

It is also planned that a portion of the funding can be used to replenish/update physical education stock and equipment to ensure that all physical education lessons are well resourced and that learners have access to high quality equipment during their P.E and physical activity sessions including purchasing equipment to reflect interests and talents of learners to try to increase engagement; introduce new hobbies that may ultimately act as a diversion from becoming involved in anti-social behaviour during out of school hours.

The impact and sustainability of the planned spending will be completed and amended throughout the year as and when each planned outcome has been met.

[Swimming Data](#)

In line with guidance from the Information Commissioners Office, we do not publish data for groups of less than 10 children. This is because when publishing performance data for small groups/cohorts, such as exam results or swimming competency information, individual learners can become identifiable.

Sept 2026 – March 2027 Sports Premium Allocation = £8,000				Total planned spend = £6050 plus taxi costs	
Contingency: £500 reserved to be spent depending on changing needs and interests of cohort as new learners join during the year					
INTENT		IMPLEMENTATION		IMPACT	
Focus & Aims		Action	Funding allocated	Evidence of Impact	Sustainability
1	Ensure all non-swimmers in KS2 access swimming lessons.	Provide swimming lessons for: ➤ non-swimmers in both KS1 & KS2 ➤ learners who would benefit from a more active lifestyle	1 session per week for 37 weeks @ £50 per week (Approx planned spend via SLA: £2350 plus taxis	Non-swimming learners will have accessed regular swimming lessons, and where appropriate met NC expectations Learners who require extra physical activity will have access to additional swimming lessons.	Part of National Curriculum, sustainable use of funding by focussing on the learners who have not yet reached National Curriculum standard for swimming.
2	Raise the profile of PE and Sports across the whole Primary Phase, with the main aim of increasing learner participation in physical activity and sport through electives.	Actions required: ➤ KS2 who have reached the NC standard for swimming will attend a local gym for boxing/fitness sessions throughout the year ➤ Learners will have access to a wide variety of extra-curricular sport via the “Electives” afternoon. The sports offered will be picked in consultation with the learners.	Gym sessions: 1 session per week for 37 weeks at £45 per session Electives activities – costs tbc Approx planned spend : £3700 plus taxis	Learners across the primary phase will have access to high quality, sport specific coaching throughout the school year. This will hopefully increase learner participation and nurture/encourage learners to continue to lead an active and healthy lifestyle. Learners will be given the opportunity try, learn and participate in a sport that is new to them.	Learners will have tried new sports and activities, encouraging learners to take up a sport and lead a healthy lifestyle outside of school.
