

# Y1 Taking Inspiration from... Graphic Designer - Jon Burgerman

**Burgerman's** work shows:

- how doodles can become art and simple messages can be expressed.
- simple, colourful main characters as the main subject on the page.
- everyday objects turned into characters.
- how different lines, especially wiggly lines can show emotion or mood.

## I will learn to:

vary lines to show mood or emotion  
using colour and line.

use everyday objects to create good sized main character shapes.

use hot, bold colours to draw the eye to the main subject.
