## Habitats/Frost

When we got to the forest, we found lots of frost! We talked about the change in temperature and why some parts of the forest were frosty and others were not.

In the forest, Orange Class learned about the animal of the week which was the badger.

Red Class built a den.

We did an experiment with a frosty leaf- left it in the sunshine and the frost melted!

We talked about our new word- Habitat. We went hunting for hidden animals and decided which ones would live in our forest and which ones wouldn't- and why?

# ROAD SAFETY AROUND SCHOOL

SCHOOL COUNCIL CONCERNS

As we begin to plan for the new year, our amazing School Councillors are taking action on an important issue— road safety around our school! They have raised concerns around this in our first two meetings and have discussed this with their classmates too. Many children have noticed areas where traffic and pedestrian safety could be improved and they're keen to make a difference.

After Christmas, they'll be inviting parents to share their thoughts and observations on the traffic around school before and after school hours. Our councillors have put together a list of questions and would love to hear your feedback. You might even be interviewed by one of our school councillors, who will be eager to know how you feel about road safety in the area.

This is a fantastic chance for you to have your voice heard and help us create a safer environment for our children. So, be prepared for some friendly chats with our young leaders and to share your views on how we can improve the safety of our school zone when we return after Christmas!

Let's work together to make sure our children have a safer, more secure school run.

Stay tuned for more details in the new year!
