

Let's celebrate- term two

In let's celebrate children learn about different celebrations that are important to them and to others around the world. They explore special events such as birthdays, weddings, and cultural or religious festivals like Christmas and Diwali, learning why and how they are celebrated. Children talk about their own experiences, noticing similarities and differences in food, clothing, decorations, music, and traditions. Through stories, role play, art, and cooking activities, they develop an understanding of family, community, and respect for different beliefs and customs, while also building communication and social skills.

Key Vocabulary

<i>Celebration</i>	A special time when people come together to feel happy about something important.
<i>Party</i>	A fun gathering where people celebrate together, often with food, music, and games.
<i>Tradition</i>	Something people do again and again, often every year, because it is special to their family, culture, or religion.
<i>Respect</i>	Being kind and thoughtful towards others, and caring about their feelings, beliefs, and differences.
