Boat Floating at Capel's Mill—Amber Class

As part of our Ship Ahoy topic Amber class were asked to design boats that floated. They had to design it out of recycled materials where possible, it had to float and they had to design it and follow the brief. We then set up an investigation to predict which ones would float and which ones would sink. We went to Capel's Mill and floated them in the river. All of the children were so proud of their hard work and we were so impressed with the hard work that the children and parents put in. So thank you for supporting them with this task! There was only one boat that sank!

Hello Yellow

Many thanks for your cash donations sent in with your child this morning totalling £69.97.

If we add this to your generous donations made online, we are delighted to announce that the grand total raised for Young Minds is £428.39! There is still time to donate if you haven't already, just use the link above in the PTFA section.

Thanks once again for your kindness!
