French Curriculum Intent

At East Herrington Primary Academy, we strongly believe in delivering a wide and varied curriculum that challenges our pupils to become citizens of a global community. A high-quality languages education should foster children's curiosity and deepen their understanding of the world. Language teaching should provide the foundation for learning further languages, equipping children to study and work in other countries. To this end, it is our intention that all children in KS2 access first quality teaching of French to prepare them for further foreign language teaching in KS3, in the first instance, and then later in their future roles as global citizens.

French Curriculum Implementation

- Support our staff to increase their confidence to deliver French to their pupils.
- Language Angels, an online resource, to enhance the teaching of French across KS2.
- French days or festivals during the year to celebrate the different culture and for pupils to share their knowledge with others.
- Clear and comprehensive scheme of work in line with the National Curriculum.
- Teaching and learning should show progression across KS2.
- Involvement in the Lingotots European Day of languages festival.

French Curriculum Impact

- Teachers will keep a record of what has been taught through floor books, displays and videos, as appropriate.
- Children will develop and build upon the skills needed to converse and understand French throughout KS2.
- Children will retain the vocabulary and cultural knowledge they are taught.
- Children will have a better understanding of cultures different to their own.
- Children will know more and remember more about the French language as the the four skill areas have been taught together.
- Children will recognise and apply key French vocabulary verbally.
- Children will be able to write key words or short phrases in French
- Children will be better prepared for Secondary foreign language teaching.
