

WE'VE GOT A FEELING

1. We've got a feeling, something's gonna happen tonight.
We've got a feeling, everything will turn out right.
For we've never known the world so still,
And we've never seen the stars so bright.
Yes, we've got a feeling, something's gonna happen tonight.

BRIDGE *And we will all be waiting,
Watching patiently.
When that something happens,
We'll be there to see.*

2. We've got a feeling, something's gonna happen tonight.
We've got a feeling, everything will turn out right.
There is love and wonder everywhere
And a miracle is in the air.
Yes, we've got a feeling, something's gonna happen tonight.

ALWAYS LATE!

Solo

1. Late again, I'm late again,
Always missing everything.
Lost my halo, torn my dress,
Why am I in such a mess?

All

Face needs washing, teeth need brushing,
Always late and always rushing.
Look at her in such a state –
Always, always late!

2. Late again, she's late again,
Always missing everything.
Lost her halo, torn her dress,
Why is she in such a mess?
Face needs washing, teeth need brushing,
Always late and always rushing.
Look at her in such a state –
Always, always late!

DID YOU HEAR THE NEWS?

Group 1 (shepherds)

1. Did you hear the news?
Did you hear the song?
Did you see the sky was filled with
Angels' all night long?
They say a baby boy was born in a stable,
Down in Bethlehem.
Did you hear the news?
Did you hear the song?

Group 2 (sheep)

We heard the news,
We heard the song,

Oh yes we did!

Oh yes we did!

2. Did you hear the news?
Did you hear the song?
Did you see the sky was filled with
Angels all night long?
They say a mother laid her babe in a manger,
Down in Bethlehem.
Did you hear the news?
Did you hear the song?

We heard the news,
We heard the song,

Oh yes we did!

Oh yes we did!

3. Did you hear the news?
Did you hear the song?
Did you see the sky was filled with
Angels all night long?
They say this baby's name is Jesus
And He's come to save the world.
Did you hear the news?
Did you hear the song?

We heard the news,
We heard the song,

Oh yes we did!

All (with optional harmony)

Oh yes we did! Oh yeah!

WE'VE TRAVELLED FOR DAYS

1. We've travelled for days, we've travelled so far,
We came from the East to follow a star.
They said 'You can't miss it!', they said we'd be fine,
But now we have lost the sign!
2. We've travelled for days, we're getting so sore,
We just can't go on – can't take any more.
They said 'You can't miss it!', they said we'd be fine,
But now we have lost the sign!
3. We've travelled for days, it should be in sight,
We don't make mistakes – this map can't be right!
They said 'You can't miss it!', they said we'd be fine,
But now we have lost the sign!

SING IT LOUD!

1. We have gathered quite a crowd,
Everybody did us proud.
Even from the very start,
Everybody played their part.

CHORUS *Sing it loud, sing it strong,
Sing of Christmas cheer!
Bells will ring, angels sing,
Christmas time is here!
Christmas time is here!*

2. No one missed this great event,
Baby Jesus, heaven-sent.
In the manger sleeping tight,
Born for us this Christmas night.

CHORUS *(with optional harmony)*

3. God has sent His only son,
As a gift for everyone,
And the story told each year,
Has a message all can hear.

CHORUS *(with optional harmony)*

WE'VE A JOB TO DO

CHORUS *We've a job to do – a job for the angels,
Spread the word and spread the joy.
We've a job to do – so let's get going,
The time has come for a baby boy.*

1. What a story it will be,
What a story, you will see!
Such a tale the world must know,
Come on guys, it's time to go!

CHORUS

2. What a story it will be,
What a story, you will see!
Kings and camels, stars and sheep,
Come on guys, no time to sleep!

CHORUS

3. What a story it will be,
What a story, you will see!
Up into the starry sky,
Come on guys, it's time to fly!

CHORUS

WE'VE COME TO OUR CENSUS

1. We've come to our census,
We've travelled such a way.
We've come to our census,
To make our mark today.

CHORUS *We're busy going, toing, froing,
Joining every queue.
There's such a hustle, such a bustle,
What are we to do?*

2. We've come to our census,
Because it is required.
We've come to our census,
But now we're feeling tired.

CHORUS

3. We've come to our census,
The town is in a spin.
We've come to our census,
But no one lets us in.

CHORUS

4. We've come to our census,
The journey has been tough.
We've come to our census,
But now we've had enough!

CHORUS
