

Christmas Time In Grimbleton

[Verse 1]

As the snow comes falling down, let it rest upon this ground,
Called Grimbleton.

Where our music is the sound, as we decorate this town,
Called Grimbleton.

Shouting G__R-I-M__B-L-E-T-O-N,
Christmas time is here again!

[Bridge]

So we hang the ribbons high,
Laughter fills the night,
Got to catch got to catch, the jingle in the night,
Stretch the tinsel wide,
Hearts are filled with pride,
Got to catch got to catch, the feeling here tonight.

[Chorus]

Christmas time in Grimbleton,
Lights are shining true,
Shine for me and shine for you,
Christmas time in Grimbleton,
For all the town to see,
Stand beneath the Christmas tree.

[Verse 2]

Every light we hang will gleam, dancing in a midnight dream,
Called Grimbleton

Every heart and every home, sings a song that's all our own,
Called Grimbleton.

Shouting G__R-I-M__B-L-E-T-O-N,
Christmas time is here again!

[Bridge]

[Chorus]

Christmas Locked Down

[Verse1]

No Jingle bells, no Silent night,
We're here to save you, and keep things right,
Stop the sparkle, stop the cheer,
We're Inspectors, and you're glad we're here.

[Bridge]

It's been tricky keeping things in order,
It gets harder every single year,
No complacency or uncut corners,
Aren't you glad there's nothing left to fear!

[Chorus]

Christmas locked down, we don't mess around,
Don't get dangerous, don't let me down
Let me make it simple, let me make it clear,
Santa Claus is checking out of town...
Christmas locked down...Christmas locked down!

[Verse2]

Candy canes, will rot your teeth,
Snowmen melting, under our heat,
Rules are rules, let's take a stand,
Confiscate this, festive contraband.

Rockin' Christmas Elves

[Verse 1]

I heard a child in old Grimbleton town,
Say "The trees ain't twinklin', and the lights are down",
I rolled up my home-made suit,
I pulled on my green suede boots,
With a jingle in our pockets we'll turn those frowns around.

[Verse 2]

So we made our way to old Grimbleton town,
And sure as eggs this town has hit the ground,
We tuned up our, rock guitars,
We're elf-made, superstars,
Cos we're bringin' back Christmas for a leg slappin' hoedown!

[Chorus]

We're the elves, of the rockin' Christmas land,
Got a sleigh full of songs and a feel good fiddlin' band,
We got boots that stomp and bells ring,
We got tunes to make y'all hearts sing,
Your soul will shine from here back to candy land.

[Verse 3]

We've been workin' hard up north with the jolly ol' man,
Now we're rockin' Christmas in any old way we can.
So roll up your home-made suit,
And pull on your green suede boots,
With a jingle in our pockets we'll turn those frowns around!

[Chorus]

We're the elves, of the rockin' Christmas land
Got a sleigh full of songs and a feel good fiddlin' band,
We got boots that stomp and bells ring,
We got tunes to make y'all hearts sing,
Your soul will shine from here back to candy land,
Your soul will shine from here back to candy land!

We're Bringing Back Christmas

[Verse 1]

Light a candle, hold it up,
Burn those troubles and afflictions send them up to the sky,
Dust the tinsel, smarten up,
Hear the whispers in the street like something magical's happening tonight.

[Bridge]

If you got the feeling listen to me, you got all the happiness you'll ever need,
When there's Christmas in your soul.
Share it with you, share it with me,
You can spread it round your whole family,
There's Christmas in your soul.

[Verse 2]

Build a wreath and, hang it up,
You could open up a pathway stepping out from your fears,
Throw a smile, cheer them up,
Just a simple thing can make those golden memories to last a hundred years.

[Bridge]

[Chorus]

There's a twinkle in the starry sky, a special moment for you and I,
There's no stopping us, we're bringing back Christmas!
There's a change in the atmosphere, it hasn't been here for many years,
There's no stopping us, we're bringing back Christmas!

[Instrumental]

[Bridge]

[Chorus]

Christmas is Back!

[Verse]

We've shone the light, from dark to bright, no more shadows to steal the night
We made a stand, stood hand in hand, around the Christmas tree tonight,
Don't do it, no don't do it, it's Christmas this must be my last mince pie,
ohohoh
Hop to it, hip hop to it, I'll take this chance to dance the night away,

[Bridge]

Bells ring like a thousand voices sing,
It's not the cold that keeps me shivering because

[Chorus]

You brought Christmas back to me,
Wrapped it up in stripy glittered ribbon with a cherry on the top, uh oh,
I brought Christmas back to you,
Layered up with cream just like a trifle now the world is my sweet shop,
Uh oh oh, this could be,
Uh oh oh, the greatest time for me.

[Verse 2]

We built the tree, on broken dreams, a flash of red and green came to me,
We've sung the song, you sang along, and all our troubles were set free!
Don't do it, no don't do it, it's Christmas this must be past my bedtime
Hop to it, hip hop to it, I'll take this chance to dance all out of time,

[Bridge]

[Chorus]

[Short Instrumental section]

[Bridge]

[Chorus]
