

# EYFS Narrative Immersion Curriculum

## Early Years Vision for DEAL at Thorn Grove:

The early years team at Thorn Grove Primary School are committed to developing the Narrative Immersion, Magic Story Box approach to the foundation stage provision, with a relentless focus on the enrichment of the children's vocabulary and confidence to talk. By enriching the life of every child through talk they aim to equip them with the tools to walk in the shoes of a character and use these skills beyond a story.

The whole EYFS team will use the story box to create awe and wonder and develop communication, language and literacy skills. The team are keen to develop their own practice so they can engage children with stories and watch them come to life through play and fun activities.

By igniting learning adventures in the world of an evocative picture book, brought to life through drama and role-play, the staff team will enable experiential learning connected to real life contexts awakened through drama and role-play. They are driven to empower children who can talk, be creative, love playful learning, be imaginative and succeed!
