Paul Klee

Paul Klee was a German Artist inspired by cubism. He was also very interested in the theory of colour.

Klee painted *Castle in the Sun* to demonstrate his ability to combine an abstract style (cubism) with reality. Klee used cubist shapes but with colours that presented the image of a city skyline.

Term 3

Georgia O'Keeffe

Textiles: Flowers 1887-1986

Georgia began experimenting with painting close up views of flowers. She used oil paints in vibrant, bold colours. Painting the flowers at such a close range makes the viewer see the object in a completely different way.
