Sir Antony Gormley is famous for his sculptures, installations and public artworks that investigate the relationship of the human body to space.

Year 4

Term 3

Alma Thomas Collage- Mosaics

Alma Thomas was a famous American artist who was best known for making **abstract** art. Her paintings were bright and colourful and were influenced by the natural world.

In 1964, Thomas almost gave up painting as she suffered from **arthritis**. Thomas decided to use a new technique, which she called 'Alma Stripes'. She looked at the patterns created by light from her bedroom window and used these small patterns in her artwork by creating colourful, rectangular dabs with her paintbrush.

Thomas was a teacher as well as a painter. Her artwork and her influence as a teacher helped her to become one of the most inspiring artists of the 20th century.
