1. Aims

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the Initial Teacher Training and Early Career Framework (ITTECF), which combines the ITT Core Content Framework and Early Career Framework into a single framework (ITTECF)
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Make sure all staff understand their role in the ECT induction programme
- The school is committed to protecting the wellbeing and workload of ECTs, ensuring that induction arrangements are manageable and supportive.

2. Scope

This policy applies all ECTs who have started, but not completed, their induction period.

3. Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance Induction for early career teachers (England)
- The Initial Teacher Training and Early Career Framework (ITTECF), which combines the ITT Core Content Framework and Early Career Framework into a single framework (ITTECF)
- The Education (Induction Arrangements for School Teachers) (England) Regulations 2012

The 'relevant standards' referred to below are the Teachers' Standards.

4. The ECT induction programme

The induction programme will be underpinned by the ITTECF, enabling ECTs to understand and apply the knowledge and skills set out in the ITTECF. The programme will ensure that all Early Career Teachers receive their full Early Career Teacher Entitlement (ECTE) as set out in national guidance.

Prior to the ECT serving their induction, the headteacher and 'appropriate body' (see below) must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Only continuous employment of 1 term or more will count towards the induction period. The programme is quality assured by **Inspire Learning Teaching School Hub NW (Our Lady of Pity Catholic Primary School)**, our 'appropriate body'.

There is currently no statutory time limit within which an ECT must begin or complete induction. ECTs are encouraged to commence induction as soon as possible after gaining Qualified Teacher Status (QTS).

Time spent in a short-term supply post of less than one term, or equivalent, cannot count towards induction. Induction may only commence when an ECT is employed in a suitable post that is expected to last for at least one term and meets all statutory induction requirements.

4.1 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made of them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis

4.2 Supply Teaching Posts

- Time spent in a short-term supply post of less than one term, or equivalent, cannot count towards induction. Induction may only commence when an ECT is employed in a suitable post that is expected to last for at least one term and meets all statutory induction requirements.
- Where an ECT is initially employed on a short-term supply contract of less than one term, any subsequent extension of that contract cannot be used to retrospectively start induction from the original appointment date.
- If it becomes clear that a supply contract will continue for at least one term and meets the requirements of a suitable induction post, induction arrangements must be put in place without delay and the ECT must be registered with the Appropriate Body and relevant training provider. Induction will commence from the date that these arrangements are established and cannot be backdated.

4.3 Support for ECTs

We support ECTs with:

- Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments
- Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice
- The school will deliver the Early Career Framework-based training programme with fidelity, ensuring that ECTs are not expected to generate additional evidence beyond that required by the programme.

4.4 Assessments of ECT performance

- ECTs are exempt from normal appraisal procedures during their induction period.
- Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the ECT's induction tutor.
- These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.
- After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.
- The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, the induction tutor and the ECT.
- A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.
- In the event that the ECT leaves this post after completing 1 term or more but before the next formal assessment would take place, the induction tutor or headteacher will complete an interim assessment to make sure that the ECT's progress and performance since the last assessment is captured.

4.5 Absence and Statutory Leave

- Where an ECT is absent from work for a period that meets the statutory threshold for an extension to induction, the induction period will be extended in accordance with statutory guidance.
- Additional absences occurring during an absence-related extension will not normally result in a further extension beyond that already determined.
- Where an ECT takes statutory maternity, adoption, paternity, shared parental or other recognised statutory leave, induction arrangements and assessment deadlines will be adjusted in accordance with statutory requirements. Any outstanding assessments will be completed following the ECT's return to work.

4.6 At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will:

- Continue to deliver process reviews
- Revise the ECT's objectives and support plan in line with the Teachers' Standards
- Share these with the ECT, headteacher and appropriate body

4.7 Capability procedures

In the event of serious capability concerns, the headteacher can decide to instigate capability procedures in line with our capability policy. They will inform the appropriate body when these procedures are instigated.

The ECT's induction process will continue alongside these capability procedures for as long as the ECT remains at the school, or the procedures are concluded.

5. Roles and responsibilities

5.1 Role of the ECT

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction
- Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review
- Agree with their induction tutor how best to use their reduced timetable allowance and guarantee engagement with their early career teacher entitlement
- Provide evidence of their progress against the relevant standards
- Participate fully in the monitoring and development programme
- Participate in scheduled classroom observations, progress reviews and formal assessment meetings
- Agree with their induction tutor the start and end dates of the induction period, and the dates of any absences from work during the period
- Keep copies of all assessment reports
- Participate fully in the agreed induction, monitoring and professional development programme.
- Attend training sessions, engage with the Early Career Framework (ECF) or Early Career Teacher Entitlement (ECTE) programme, meet regularly with their mentor and induction tutor, and actively participate in progress reviews and formal assessments.

When the ECT has any concerns, they will:

- Raise these with their induction tutor as soon as they can
- Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their induction tutor or within the school

- ECTs may raise concerns about their induction programme through the school's grievance procedures. Where issues cannot be resolved internally, ECTs may also contact the appropriate body directly for support and guidance.

5.2 Role of the headteacher

The headteacher will:

- Check that the ECT has been awarded QTS and whether they need to serve an induction period
- Agree, in advance of the ECT starting, who will act as the appropriate body
- Notify the appropriate body when an ECT is taking up a post and undertaking induction
- Make sure the ECT's post is suitable according to statutory guidance (see section 4.1 above)
- Make sure the induction tutor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure the induction mentor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure an appropriate early career teacher entitlement programme is in place
- Make sure the ECT's progress is reviewed regularly, including through observations and feedback on their teaching
- Make sure that formal assessments are carried out and reports completed and sent to the appropriate body
- Maintain and keep accurate records of employment that will count towards the induction period
- Make sure that all monitoring and record keeping is done in the least burdensome and most streamlined way possible
- Make the governing board aware of the support arrangements in place for the ECT
- Make a recommendation to the appropriate body on whether the ECT's performance against the relevant standards is satisfactory
- Participate in the appropriate body's quality assurance procedures for the induction programmes
- Keep all relevant documentation, evidence and forms on file for 6 years
- Ensure ECTs are registered promptly with both the Appropriate Body and the approved induction training provider once their post meets the statutory requirements for induction.

5.3 Role of the induction tutor

The induction tutor will:

- Provide guidance and effective support to the ECT (with the appropriate body where necessary)
- Carry out regular progress reviews throughout the induction period
- Undertake 2 formal assessment meetings during the induction period, coordinating input from other colleagues as appropriate
- Carry out progress reviews in terms where a formal assessment doesn't occur
- Inform the ECT following progress reviews of their progress against the relevant standards, and share records with the ECT, headteacher and appropriate body
- Inform the ECT during the formal assessment meeting of the judgements to be recorded on their formal assessment record and invite the ECT to add their own comments
- Make sure that the ECT's teaching is observed and feedback is provided
- Make sure the ECT is aware of how they can raise concerns about their induction programme or their personal progress, both within and outside of the school
- Take prompt, appropriate action if the ECT appears to be having difficulties

- Make sure that all monitoring and record keeping is done in the least burdensome way possible, and that ECTs are not asked for any evidence that requires the creation of new work
- Notify the appropriate body after each progress review as to whether the ECT is making satisfactory progress
- Monitor the ECT's participation and engagement with the induction programme, including attendance at training, mentor meetings, professional development activities, progress reviews and formal assessments.
- Liaise with the mentor, training provider and Appropriate Body where concerns arise regarding the ECT's attendance, engagement, wellbeing or progress.

5.4 Role of the induction mentor

The induction mentor will:

- Regularly meet with the ECT for structured mentor sessions to provide targeted feedback
- Work with the ECT, and colleagues within the school who are involved in the ECT's induction, to help make sure the ECT receives a high-quality early career teacher entitlement programme
- Provide, or arrange, effective support – including subject-specific, phase-specific, coaching and/or mentoring
- Act promptly and appropriately if the ECT appears to be having difficulties
- The roles of induction tutor and induction mentor will remain distinct to ensure appropriate support and assessment arrangements.

5.5 Role of the Governing Board

The Governing Board will:

- Make sure the school complies with statutory guidance on ECT induction
- Be satisfied that the school has the capacity to support the ECT
- Make sure the headteacher is fulfilling their responsibility to meet the requirements of a suitable induction post
- Investigate concerns raised by the ECT as part of the school's grievance procedures
- If it has any concerns or questions, seek guidance from the appropriate body on the quality of the induction arrangements and the roles and responsibilities of staff involved in the process
- If it wishes, request general reports on the progress of the ECT on a termly basis

6. Monitoring arrangements

This policy will be monitored and reviewed annually by the Governing Board. At every review, it will be approved by the full Governing Board.

7. Links with other policies

This policy links to the following policies and procedures:

- Induction for early career teachers (DfE)
- Initial Teacher Training and Early Career Framework (DfE)
- Teachers' Standards
- The Education (Induction Arrangements for School Teachers) (England) Regulations 2012
