

Summer 2 Rowan Class

Maths

Problem Solving Telling time

Solving problems involving money, time, multiplication and division
Telling Time to the nearest 5 minutes

How To Help

Practise telling the time to the nearest 5 minutes and quarter past/to
Times tables for 2, 5 and 10

Writing

Our writing book is Grandad's Secret Giant

Adding the suffixes –
ment and -ful, using a
range of conjunctions:
when, if, because,
and, or, but

How To Help

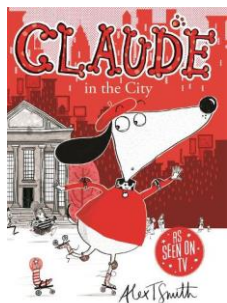

Practice saying sentences and extending them with a variety of conjunctions

Reading

Our class novel is Claude in the City by Alex T Smith

How To Help

Read often with your child and talk to them about what they have read.

History

We will be learning about Communication Then and Now. We will learn how communication has changed over time.

How To Help

Discuss or research methods of communication which were used before the time of mobile phones and internet.

Geography

We will be learning about seas and coasts. We will learn about the physical and human features of a coastal area.

How To Help

Name and identify coastal areas on a map such as: Thurstaston, Llandudno

Computing

Presentations: We will be learning how to use the laptops in school to open, make and save a presentation

How To Help

Discuss what a presentation is and when we might use one.

RE

Hinduism – What do Hindus celebrate?

How To Help

Discuss important events which you celebrate in your life.

Art

Sculptures

How To Help

When out and about, identify different sculptures which you can see. Discuss what you like or dislike about them.

PE is on a Friday morning.
PSHE is Citizenship.
Music is *Time*, from Sing Up.
