Secretary	Piece	Attachment	Compliment	Neither
Vegetable	Aloud	Photography	Principle	Belief
Average	Guessed	Unfinished	Principal	Patient
Criticise	Allowed	Definite	Prophet	Believe
Existence	Guest	Infinitive	Profit	Receive

English

This term our English lessons will be linked around a range of fiction and non-fiction books. Children will be completing a newspaper bulletin around War of the Worlds and a letter in relation to our class text, "Rooftoppers". Key skills to help them improve their writing will be taught, including how to form different types of sentences (relative clauses and subordinate clauses). We will be looking at techniques to enhance their writing making it more interesting, such as vocabulary choice and figurative language. Children will also develop their guided reading skills through our text "Survivors", including being able to skim and scan effectively.

Art and Design and Technology

Art - Children will experiment with sculpture, texture and structure through creating their own Mayan masks!

DT - We will focus on mechanical systems, levers and pulleys, in order for the children to create their own pop up books!

History and Geography

In **History**, pupils will complete a study of an ancient civilisation - the Mayans. They will explore religion and worship using historical artefacts.

In **Geography**, pupils will be taught about the water cycle through a study of world oceans focussing on the Great Barrier Reef in Australia. This will enable them to understand humanity's impact on water and that we must look after our climate to protect our oceans.

Maths

During this term we will focus on multiplication and division, fractions, decimals and percentages, perimeter and area and statistics.

We will be continuing to learn the recall of multiplication and division facts for all times tables during our fluency sessions and developing our mental strategies to add and subtract efficiently. Please ensure your child is practicing at home too.

Activities to support learning can be carried out using www.ttrockstars.com - check your child's spelling books for log in details.

Y5 Spring 2026 Curriculum!

Key information – [Visit our class page](#)

- **Stunning start** – Trip to Leicester Space Centre
- **Fantastic finish** – River workshop

Science

During **Spring 1**, children will be learning all about Earth and Space!

In **Spring 2** we will be learning about forces including; friction, up-thrust, air resistance and water resistance. Through practical investigations we will look at the impact of these forces.

Homework – How to support your child at home

Writing - **Pobble** – don't forget to write along using Pobble live! Or using the weekly Pobble prompts in our Pobble writing books! **Spellings** - Practise the weekly spellings found in this newsletter. We will also release the current week's spellings each Friday for children to practice in their spelling books.

Reading – Please read regularly at home and fill in your reading diary for Roarsome Reader awards and tea with the headteacher!

Maths - **Maths.co.uk** – Children all have an account and will be given maths homework by-weekly.
