Current Job Role: Senior Finance Manager – NHS

I am a Chartered Accountant with significant experience as a Government and Public Sector Auditor working within the Health, Local Authority and Education sectors across England. I currently work within the NHS as a Senior Finance Manager.

My work has involved production of statutory financial returns, scrutiny of financial information, Board reporting and sitting on Committees to ensure appropriate challenge of management. Over the course of my career, I have performed independent financial reviews to identify cost saving measures, including implementation, to ensure organisations manage tight budget constraints whilst achieving strategic success.

Outside of work, I am Mum to my three boys so have a keen interest in the access to and delivery of high quality education on Wirral. When I'm not spending time with family and friends I can be found drinking coffee with my nose in a good book.

I'm really looking forward to working with Liscard Primary School!
