Current Job Role: Retired Teaching Assistant

My name is Pam Maldon and I have been involved with LPS for over 25 years including working as a Teaching Assistant for 20 years. I have seen this school go from strength to strength over the years. I'm looking forward to being involved in learning more about how the school runs as well as the important decisions that need to be made in the best interests of our children and families.

I've been very lucky that I have had two very enjoyable and fulfilling careers during my working life, starting at an international bank for 19 years and moving to Liscard after the birth of my children. Both my sons attended this school, my eldest is a teacher here and my youngest works in a Science Laboratory.

I believe that all children deserve the best possible start in life including education, nurture, belief and encouragement to achieve their dreams in an environment in which they feel safe.

I live in the local community and having recently retired you will definitely see me out and about probably walking or shopping.
