

CURRICULUM INFORMATION FOR PARENTS
CLASS: Bumblebees **TERM:** Autumn 2026
 Miss Holmes, Stacy, Paul, Jess, Lea and Kassy

Topic		Around the World	Remember, Remember
English		This term, we will be focusing on our handwriting and fine motor skills through different interventions such as, messy writing, dough disco and fine motor skills tasks. Additionally, we will be using colourful semantics to help us learn how to create a sentence based on our weekly sensory story.	
Maths		Addition Subtraction Money	Shape Time Place value
Science		Habitats This half term, we will be exploring a range of habitats from around the world and discovering how animals are adapted to live in these different environments. We will also be matching animals to their habitats and investigating the habitats and wildlife that can be found within our school grounds.	Light This half term, we will be looking at a variety of light sources, including lights, fireworks, flames and the sun, and explaining that we see things because of the light travelling into our eyes. We will also be looking at light being reflected and how shadows are made. We will be linking this to our class topic of Remember, Remember.
PSHE		Mental health and wellbeing This half term, we will be exploring the importance of mental health and wellbeing. We will learn to recognise and understand different emotions, as well as develop simple strategies to help us feel calm, happy, and safe.	Friendships and relationships This half term, we will be exploring positive friendships and relationships with the people in our lives. We will learn about the qualities of a good friend, how to build positive relationships, and identify trusted adults we can go to for help and support.
Geography		Around the world This half term, we will be travelling around the world to learn the names of each continent. We will stop off at each continent to learn some facts about the land, culture and people.	
History			Guy Fawkes We will be learning the story of Guy Fawkes and the Gunpowder plot and sequencing the event

			chronologically. We will also be looking at why this event is still celebrated today.
PE		Fundamental movement skills This term, we will be exploring and developing fundamental movement skills, including running, jumping, kicking, throwing and catching. Through our superhero training activities, pupils will have lots of opportunities to practice, build confidence and have fun while staying active.	
DT		Cooking: Around the world This half term, we will be exploring foods linking to our weekly Geography topic of Around the World. We will be practicing key life skills such as good kitchen hygiene and preparing food.	
Art			Seasonal artwork Pupils will be focusing on different art techniques and skills through using different resources to create beautiful seasonal artwork such as firework painting and Christmas cards.
RE		Religion: Christianity Theme: Special times Through our Special Times topic, pupils will explore a range of celebrations and special occasions, including birthdays and Christmas. We will learn how celebrations bring people together and identify some of the key features of special occasions, such as food, gifts, decorations and music. Through stories, sensory activities, role play and class celebrations, pupils will have opportunities to join in with special events and gain an understanding of why celebrations are important to different people and communities.	
Music		Music and Movement This half term, we will explore music through listening, movement and play. Pupils will take part in sensory songs, action games and musical activities, using props such as scarves and shakers. We will begin to explore simple musical concepts such as loud and quiet, fast and slow, while learning the routines that help us enjoy music together.	Christmas Performance This half term, we will be learning and performing a festive song using singing, signing and actions. We will use festive musical activities to help develop confidence in participating as a group, and communicating through sound, movement and music.
ICT		Technology in the World This half term, we will explore technology around us using	Using Devices and Inputs This half term, we will be

		interactive toys, touchscreen devices and technology found around school. We will learn that different types of technology help us communicate, learn, complete tasks and have fun.	exploring how to make technology respond to our actions. We will use switches, buttons, touchscreens and interactive devices to discover how different actions can make technology do different things.
Communication		Attention and Engagement This half term, our communication focus will be to develop attention and engagement. We will explore simple signs, songs and interactive games to encourage pupils to communicate with others and respond to the world around them.	Communicating Wants and Needs This half term, we will learn a range of signs, symbols and strategies to help us express our wants and needs. We will practise asking for help, requesting favourite items and making simple choices through games, toys and fun communication activities.
