***Learning together. Achieving together.***

21<sup>st</sup> November 2025

Dear Parents/Guardians,

As you are aware, the year 6 children are taking part in an exciting science programme run by the University of York's Centre for Industry Education Collaboration (CIEC), which teaches primary school children about science within an industrial problem-solving context. The children have been taking part in lessons taken from the Water for Industry and Runny Liquids publications. This ends with a visit to the VEOLIA site in Ellesmere Port on Thursday 4<sup>th</sup> December where the children will work in groups to carry out practical activities.

The cost of this educational visit will be £8.86 per child; this includes coach fare. Although there is no obligation to contribute this money, I am afraid the visit cannot go ahead unless parents are willing to make this voluntary contribution. On application to the Head Teacher, charges may be waived or reduced under certain circumstances.

We plan to leave school by coach at 9.15am, returning by 1pm. **All children will need a packed lunch (no glass bottles please) and an additional snack.** Children should wear school uniform but as parts of the programme will be held outside (weather depending), sensible closed-toe shoes, weather appropriate clothing and a suitable waterproof coat should be worn.

**Please use the SchoolMoney facility to pay and give consent for your child to take part in this activity. Payment is due by 28<sup>th</sup> November.**

Many thanks.

Yours sincerely,

**D Simpson**
