Dear Parents / Carers

Re: Social Media Code of Conduct

Social media websites are being used increasingly to fuel campaigns and air complaints against schools, Headteachers, school staff, and in some cases other parents / pupils.

Rock Ferry Primary School considers the use of social media websites being used in this way as unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels by speaking initially to the class teacher, the Headteacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned.

In the event that any pupil or parent / carer at Rock Ferry Primary is found to be posting libellous or defamatory comments on Facebook or other social networking sites, they will be reported to the appropriate 'report abuse' section of the network site. All social network sites have clear rules about the content which can be posted on the site and they provide robust mechanisms to report contact or activity which breaches this. The school will also expect that any parent / carer or pupil removes such comments immediately. The school will also consider its legal options to deal with any such misuse of social networking and other sites.

Additionally, and perhaps more importantly, is the issue of cyber bullying and the use by any member of the school community to publicly humiliate another by inappropriate social network entry. We will take and deal with this as a serious incident of school bullying.

I appreciate that the vast majority of parents / carers use social media sites in a responsible manner and will always continue to do so.

PLEASE SIGN THIS LETTER BELOW AND RETURN THE ENTIRE LETTER TO SCHOOL, the letter will then be held on your child's file.

I thank you for your support in this matter.

Yours sincerely

Dear Parents / Carers

Re: Social Media Code of Conduct

Social media websites are being used increasingly to fuel campaigns and air complaints against schools, Headteachers, school staff, and in some cases other parents / pupils.

Rock Ferry Primary School considers the use of social media websites being used in this way as unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels by speaking initially to the class teacher, the Headteacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned.

In the event that any pupil or parent / carer at Rock Ferry Primary is found to be posting libellous or defamatory comments on Facebook or other social networking sites, they will be reported to the appropriate 'report abuse' section of the network site. All social network sites have clear rules about the content which can be posted on the site and they provide robust mechanisms to report contact or activity which breaches this. The school will also expect that any parent / carer or pupil removes such comments immediately. The school will also consider its legal options to deal with any such misuse of social networking and other sites.

Additionally, and perhaps more importantly, is the issue of cyber bullying and the use by any member of the school community to publicly humiliate another by inappropriate social network entry. We will take and deal with this as a serious incident of school bullying.

I appreciate that the vast majority of parents / carers use social media sites in a responsible manner and will always continue to do so.

PLEASE SIGN THIS LETTER BELOW AND RETURN THE ENTIRE LETTER TO SCHOOL, the letter will then be held on your child's file.

I thank you for your support in this matter.

Yours sincerely

Dear Parents / Carers

Re: Social Media Code of Conduct

Social media websites are being used increasingly to fuel campaigns and air complaints against schools, Headteachers, school staff, and in some cases other parents / pupils.

Rock Ferry Primary School considers the use of social media websites being used in this way as unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels by speaking initially to the class teacher, the Headteacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned.

In the event that any pupil or parent / carer at Rock Ferry Primary is found to be posting libellous or defamatory comments on Facebook or other social networking sites, they will be reported to the appropriate 'report abuse' section of the network site. All social network sites have clear rules about the content which can be posted on the site and they provide robust mechanisms to report contact or activity which breaches this. The school will also expect that any parent / carer or pupil removes such comments immediately. The school will also consider its legal options to deal with any such misuse of social networking and other sites.

Additionally, and perhaps more importantly, is the issue of cyber bullying and the use by any member of the school community to publicly humiliate another by inappropriate social network entry. We will take and deal with this as a serious incident of school bullying.

I appreciate that the vast majority of parents / carers use social media sites in a responsible manner and will always continue to do so.

PLEASE SIGN THIS LETTER BELOW AND RETURN THE ENTIRE LETTER TO SCHOOL, the letter will then be held on your child's file.

I thank you for your support in this matter.

Yours sincerely

Ms S Radley
