

Our class mission

We are kind to everyone.

We show respect to all people.

We always try our best.

We help others when they need it.

We listen carefully and learn together.

We tell the truth and make good choices.

We forgive others and show
compassion.

By following these promises each day,
we will grow in confidence, make
positive choices, build strong friendships
and support one another in our learning.

We will use our gifts and talents to be
the best we can be and make a
difference in our school and community.
