Parents are able to pay using credit and debit cards, you can also offer Google and Apple Pay. It couldn't be easier!

TAKE CASHLESS PAYMENTS FOR ANYTHING & EVERYTHING

We know how important it is to have readily available reports. Alongside the export report, we have a full reporting area with a number of different reports, such as purchases, invoices and balances, attendance, vouchers and even cash payments if required.

Any parent payments made will be held in your School Spider wallet until an export is requested. This provides you with the opportunity to mark your orders as complete, and also the option to refund parents back to their account or their payment card.

With the ability to download your reports as an Excel sheet and a PDF, you have everything you need for yourselves at the school and also for the Local Authority where needed.
