Adventures and Journeys

In Maths, the children will explore space and position. They will follow familiar routes. Children will continue their learning of counting to 3. They will show, move and label amounts of 3.

In English, our Pathways to Write text will be 'A Walk in the woods'. They will begin to use their print knowledge to label pictures and will begin practicing writing their name.

In Phonics, children will begin Phase 2 sounds. They will hear initial sounds and orally blend words.

In PSE, children will understand the rules and why they are important. They will play with one or more other children and extend ideas. Children will talk about how they feel and understand other people's feelings.

In EAD, children will explore different textures and join different materials. They will begin to choose materials for a purpose through making junk model vehicles.

In CL, children will listen to stories and retell a longer story, sometimes with the aid of pictures. Children will widen their vocabulary and begin to use it around the classroom.

In UW, the children will learn about the changes that happen in Winter. They will build upon their knowledge of where they live and combine this with learning about different transport. They will look at transport from the past and present. Children will learn about different forces.

In PD, children will become more independent in putting on their own coats. They will begin to do their own zip once modelled by a teacher. Children will develop their fine motor skills through dough disco and squiggle whilst you wiggle.
