

## English

We will be focusing on handwriting and re-writing a fictional story in the third person.

## Spanish

We will find out about the tradition of carnival in Spanish speaking countries as well as revising numbers and talking about ourselves.

## ICT

We will be organising data and creating branching databases.

## History

We will be finding out about what life was like in the Bronze and Iron ages and how we know about people who lived then today.

## Maths

We will be focusing on measurement including time and money.

## Science

We will revisit how animals have adapted to eat specific foods and find out about healthy diets.

## Year 3 - Spring 2

What was life like in the Bronze Age and Iron Age and how do we know?

## Music

We will compose song accompaniments on untuned percussion using known rhythms and note values and learn the differences between crotchets and paired quavers.

## DT

We will be investigating pneumatics and how they work in order to design and make a toy that moves.

## PSHRE

We will be finding out about what makes a healthy relationship and why equality is an important factor.

## RE

We will be learning why festivals are important to religious communities and finding out about Holy Week and Easter.

## PE

We will be creating gymnastic sequences and practise our skills in different athletic disciplines.
