

Seaside

In Maths, we will continue to develop our understanding of place value using numbers to 40. We will begin to learn about multiplication using repeated addition, arrays and doubling. We will also be learning about division by grouping and sharing equally.

In English, we will learn about the difference between fiction and non-fiction texts, focusing on non-fiction texts. We will learn the key features of a non-fiction text and link what we have learned in Topic to help us write our own!

In Science, we will be learning about different types of animals and how to classify them. We will also be growing our own plants and learn about the things plants need to grow and survive.

In RE we will be learning about how and why we celebrate special and sacred times and will be learning more about Easter and Eid through this unit.

In Geography, we will be learning all about the seaside. We will be learning about human and physical geography and comparing Manchester (a city) to Formby (a beach). This unit will end with an exciting trip to the beach!

In PSHRE, we will be learning about how to keep safe at school and outside. We will learn more about how to keep safe at home and around household substances. We will also be learning about what an emergency is and what we should do.

In D&T, we will be learning about the eat well plate. We will also be learning how to safely prepare a meal using simple techniques such as cutting and grating.

In Music we will be learning a new song all about imagination. We will be listening and appraising the music, singing the words and taking turns and finally performing it!

St. Agnes C of E Primary School

Year One

Summer 1 2026
