

In English, we will be writing our own persuasive leaflets, encouraging the reader to protect coral reefs.

In science, we will be learning all about living things and their habitats as well as life cycles.

In RE, we will be investigating the question: Can people live by the values of Jesus in the twenty-first century?

In DT, we will design, create and evaluate a purposeful utility belt, meeting the needs of the user.

In geography, we will be investigating the question who are Britain's National Parks for. We will be finding out why they are so important, why they attract so many visitors and why they are known as Britain's breathing spaces.

In maths, we will be working on fractions, decimals and percentages.

In music, we will be learning to play the recorder with Manchester Music Service.

In MFL, we will be learning to name items of clothing.

In PE, we will be learning to play hockey. In gymnastics, we will be focusing on matching, mirroring and contrasting.

In computing, we will begin to understand how flat-file databases can be used to organise data in records.

In PSHRE, we will be learning how to deal with bullying; thinking about positive and negative habits and discussing who and what influences us.

Year Five – Summer 1 2026

Who are Britain's National Parks for?
