

In maths we will be learning about 2D and 3D shapes. We will learn their names and their properties. We will then move onto measure and look at how we measure length, volume and capacity. We also learn how to tell the time.

In English or text is called Tidy by Emily Gravett. We will be learning how to spell homophones and use subordination (if,that) in our sentences. We will learn how to use apostrophes for contracted forms. We will use suffixes er and est in our adjectives. We will show all of these writing techniques in our final writing outcome which is a persuasive letter in the role of Pete from the story Tidy.

In History, children are learning about the local area of Longsight and comparing it to the past.

We are also learning about famous Mancunians from the past and how they have influenced us.

In Art, children will study sculpture artist Antony Gormley and be making our own sculptures out of paper.

Year 2

Topic Web
