

Maths

In Maths, we will be exploring numbers and using place value to solve different problems.

English

In English, we will be writing letters to a fictional character based on the story "Coming to England" by Floella Benjamin.

Science

In Science, we will look at different types of forces and their effects. We will discover how magnets repel/attract their poles and their use in everyday life.

DT

In DT we will develop our knowledge of how to construct strong, stiff shell structures using 3D shapes.

RE

In RE, we will investigate what different people believe about God.

Geography

In Geography, we will find out why certain places have more earthquakes and volcanoes than others and why not all earthquakes cause a lot of damage. We will be able to explain how volcanoes are formed.

Year 3 - Autumn 1

Extreme Earth

Music

In music, we will be learning a song to find out about rhythm, pulse and pitch.

PSHRE

In PSHRE, we will be finding out about British Values, rules and why it is ok to believe different things.

Spanish

In Spanish, we will learn greetings and how to ask people questions about their feelings.

PE

In PE we will be practising skills and learning rules for basketball and badminton.

ICT

In ICT, we will be investigating how to use email software safely and effectively to communicate with others.
