

In English, we will be exploring the text *Young, Gifted and Black*. We will write diary entries as trailblazing Arctic explorer Mathew Henson.

In science, we will be exploring forces focusing on gravity, surface resistance and simple mechanical devices.

In DT, we will be exploring and learning all about mechanisms.

In history, we will be becoming history detectives and looking at a wide variety of sources to answer the question- The story of the Trojan Horse: historical fact, legend or classical myth?

In maths, we will be reasoning with large number and focusing on addition, subtraction, multiplication and division.

In RE, we will learn in depth from different religious and non-religious groups about belief in God.

In MFL, we will be revisiting core language as well as using school themed phrases.

In PSHRE, we will be learning all about British values and understanding the differences between local and national governments.

In music, we will be learning to play the recorder with Manchester Music Service.

In PE, we will be learning and applying the rules of handball and focusing on partner work in gymnastics.

In computing, Y5 will develop their understanding of computer systems and how information is transferred between systems and devices.

Year Five - Autumn 1 2026

The story of the Trojan Horse: historical fact, legend or classical myth?
