Year 2 Autumn 2 overview: The Great Fire of London

Maths

Children will be learning to measure length, look at and interpret data in maths, and introduce multiplication and division.

English

In English we will plan, write and edit an information text about the Great Fire of London using the writing skills learnt in Year 2. Including: expanded noun phrases, adverbs, and commas in a list.

History

In history we are going to be looking at how our local area has changed over the last 200 years.

We will be comparing old maps against current maps to see if we can spot the differences.

We are going to explore what a population boom is, and why it happened in the 1800s in Longsight.

We will use historical sources to learn about Belle Vue Gaol (jail) and why it was knocked down.

PSHE

In PSHE our topic is 'Aiming High'. Children will learn about positive learning attitudes and having aspirations for their future lives.

Computing

We will be creating media using digital photography.

RE

In RE we will learn how should we care for others and the world and why does it matter? In our collective worship we will focus on the Christian value of thankfulness.

PE

We will be looking at challenging ourselves in lots of different ways. As well as learning dance related to our theme of the Great Fire of London.

Music

In Music we will learn to sing a Christmas song with accompanying instruments.

Science

In Science, we will be learning about animals including humans. We will learn that all animals have offspring which grow into adults. We will also learn about the basic needs of animals to survive.

DT

We will design, make and evaluate our own hats using textiles. We will explore different techniques to join fabric.

LOVE TO LEARN • LEARN TO DO WELL • LIVE WELL TOGETHER
