Year 4
Autumn 2
Why are jungles so wet and deserts so dry?

PE
In PE we will be working as a team to develop our physical skills and stamina to create a dance.

English
In English we will be writing imaginative diaries and practising our reading skills using a variety of texts.

ICT
In ICT we will be creating algorithms in order to identify and correct mistakes in programming.

Art
We will be finding out about the artist Rousseau and imitating his style by colour mixing with paint.

Science
We will be investigating how to group and classify living things in their local and wider environment.

PSHRE
In PSHRE we will be investigating positive and negative influences and why we are all VIPs.

Maths
In maths we will learn how to multiply and divide by 6, 7, 9, 11 and 12. We will will also solve problems involving multiplication and division.

Geography
We will be investigating world climates to identify different zones and to find out why deserts are dry and rainforests are wet.

RE
We will be finding out about similarities and differences between religious festivals and why they are important to all faiths.

LOVE TO LEARN. LEARN TO DO WELL. LIVE WELL TOGETHER
