

Summer Term 1

Understanding the World

We are going to look at planet Earth. Discussing where we live and look at features of other planets. We will discuss the recent Artemis II trip around the Moon.

Physical Development

This term we are going to continue to work on our coordination skills through learning how to skip. Throughout the term we will aim to grow in confidence and independence in skipping a rope.

Maths

We are going to be looking at number as labels and beginning to recognise simple AB patterns and work on number formation and recognising the numbers.

Scientific Development

Looking at nature and the changes in nature. Looking at various different animals and what we get from them. Continue to look after our plants and watch as they grow.

Literacy

We will be continuing to work on our letter formation, building a sentence and recognising the difference between capital and lowercase letters.
