

Literacy

Within our literacy sessions we will be introducing colourful semantics to build on our sentence structure. We will be working on sequencing the stories we share and spotting initial sounds.

Maths

Within our maths we will all be looking at measure and specifically length and height. Becoming familiar with big and small and being able to order items accurately by height.

Physical Development

We will be continuing our work with skipping. Ensuring we are clearing the rope as we jump. We will continue to engage in daily sensory circuits building up our core strength as well as calming our sensory system before learning.

Understanding the World

We will learn how to make a pasta salad, while discussing the importance of a healthy balanced diet. We will be looking at our important people and discussing pants are private. We will be refining our painting techniques to add texture to our paintings.

Summer Term 2
