

# Sankey Valley St James CE Primary School

## Year 3 newsletter Summer 2<sup>nd</sup> Half 2026

Belong Respect Create Flourish

### How has Warrington changed over time?

Our Geography focuses on what a settlement is and what features our local area has. We will also be learning about a contrasting locality, New Delhi and how the land use differs from our own town.

**English** Our text is Zeraffa Giraffa and we will be learning about the first giraffe that was sent as a gift from Egypt to the King of France in 1827. We are going to plan and write a persuasive guide for visiting Zeraffa at the Jardin des Plantes in Paris

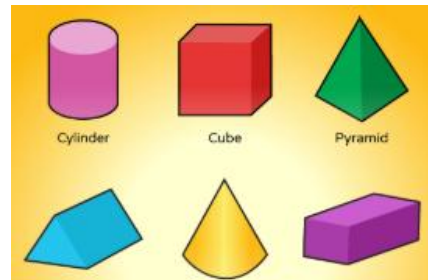

### RE

Our RE continues to look at the rules we live our lives by. We will be focusing on other world faiths this half term.

### Maths

We will be continuing our work on money and time before finishing the years with shape and statistics.

I came that you might have life and live  
life in all its fullness - John 10:10

### Science

We will be continuing our work on plants. We will be measuring plant growth and looking at the stem and water transportation. After that we will be finding out about seeds and how plants are pollinated (the life cycle of plants).

### Important information!

Year 3 have PE each Monday and Wednesday.

Please support your child with homework - it makes a huge difference. Children should read every day. They have tables or spelling practice for 4 days and then the home learning challenges (orange book) once a week.

Please feel free to send me a message on the Clasdojo if you have any questions.

Miss Wheeler
