ART

Printing

In this unit the children will be inspired by Van Gogh's sunflower image to draw and paint flowers using similar techniques. They will then represent the images through repeated relief prints.

Computing

Connecting Computers

The children will develop their understanding of digital devices, with an initial focus on inputs, processes and outputs. They will also compare digital and non-digital devices.

Stop-Frame Animations

The children will learn how to use a range of techniques to create stop-frame animation using tablets. Next, they will apply those skills to create a story-based animation.

Geography

Local Geography – Land Use.

In this unit the children will learn about the places around them and begin looking for land use patterns. Using a case study of a fictional town to provide context, children will investigate their local area, focusing on its facilities and transport links and how they might be changing.

Children will learn different ways of presenting, analysing and evaluating the data collected about their locality.
