

Year 5 and 6 Homework Autumn 2

This term all our learning is linked to the big question:

Does the world ever change?

Our topics include:

- Science: the circulatory system
- Geography: why does the population change?
- Design and Technology: Pop-up books
- Maths: Fractions
- English: The Listeners by Walter De La Mare

Alongside your weekly reading and TTRS homework, we would like you to create a project linked to one of the above topics.

The project could include:

- A piece of art work
- A pop-up book
- A 3-D model
- A poster
- A game or quiz
- An investigation
- An information booklet

If you would like to create a project, please bring it in for the **week beginning the 8th of December**. We would like to invite parents in to view the projects on **Thursday 11th of December**.
