We are thrilled to share how our residential trips play a vital role in our personal development programme. These adventures allow children to bond with their friends while experiencing activities that aren't part of their everyday routine. From exploring the beautiful countryside to exhilarating rock climbing and rafting, these trips are packed with unforgettable moments.

We understand that the cost can be a concern, which is why we work hard to subsidise these experiences, ensuring they remain accessible for all families. The benefits of our residencies are immense, helping to boost confidence, foster independence, and strengthen social skills and friendships. Children also develop resilience and enhance their learning through hands-on experiences in a supportive environment. These skills will not only enrich their school life but will also support them throughout their lives. We can't wait for the adventures ahead!

This week has been a lovely week of adventures, especially for our Year 2 students who enjoyed their residential trip to Burwardsley. A great time was had by all, filled with laughter, exploration, and new experiences that will surely be cherished for years to come.

I would like to extend a huge thank you to all the staff who attended the residential, giving up precious time with their own families to create such wonderful memories for the children in our school. Your dedication and commitment are truly appreciated!

Cheshire Young Carers have been delivering workshops to our Y5 children this afternoon and will be doing so weekly for 5 weeks - we are very lucky to have this opportunity.
