NOTE: IF LATE PLEASE REGISTER YOUR CHILD AT THE OFFICE, WHERE YOU WILL BE ASKED TO THEN WALK YOUR CHILD OUT TO THEIR CLASSROOM DOOR

Next week is a special week in school as we celebrate Science Week! This year's theme is Curiosity: What is your question? We encourage you to ask your children about their experiences when they come home. They will be exploring and using their scientific investigation skills to satisfy their curiosity and discover more about the world around them.

We would love to hear about any science activities you do at home! Please share your experiences with the class teachers, as we are eager to see how our students are engaging with science outside of school.

Thank you for your support in fostering a love for learning and curiosity in our children. Let's make this Science Week a memorable adventure together!

Spring has sprung, and the blossom is beautifully decorating our trees! We've had a fabulous response to the book fair, and we want to extend a heartfelt thank you to all the parents and carers who brought their children along.

Reception had a wonderful time at Imagine That, exploring and learning in such an engaging environment. Additionally, it was delightful to see all the wonderful costumes for World Book Day; the creativity was truly inspiring!

Thank you to all our families for your continued support. The children had a great time, and it's your involvement that makes our school community so special. Here's to a bright and blooming spring ahead!

What a fantastic day we had for World Book Day! The children looked absolutely wonderful in their costumes, and a heartfelt thank you to everyone who helped make it special. It was lovely to see them stopping to read throughout the day, truly embracing the joy of books!
