PE Year 2/3

Topic- Striking and fielding games

What is this topic about?

In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition. Children will improve and apply basic game-playing skills, in particular the fundamental movement skills of throwing and catching. Children will have the opportunity to play games 1v1, 1v2 and 1v3 and these games will demand simple choices and decisions on how to use space to avoid opponents, keep the ball and score points.

I will show my PE skills by…

Underarm and overarm throw
Striking a ball for accuracy and distance
Playing a simple striking and fielding game
Running
Fielding
Applying a simple tactic
Catching a ball

At the end of the Topic I will…
Be able to catch a tennis ball.
Be able to perform an underarm and overarm throw.
Be able to play a simple striking and fielding game.
Know a simple tactic (ie. Pretend to look one way and then throw the other)
Know that passion is needed in striking and fielding games.

KEY VOCABULARY

passion, safety, personal best, outwit,

throw, catch, space, score, points, tactic, striking, distance, fielding, underarm, overarm
