**What is this topic about?**

In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition. Children will learn to hit or strike the ball into spaces, so that they can score runs in different ways. When fielding, they learn how to work together to keep the batters' score down. Children learn how to play the different roles of bowler, wicket keeper, fielder and batter. They will also concentrate on improving their bowling techniques.
