EYFS: Online Learning Journeys

Dear Parents/Carers,

At St Joseph's, we are keen to keep you updated with your child's learning journey within the Early Years. The online learning journey app 'Evidence Me' will be used to share your children's learning with you. You will get photos and a descriptive observation that links to your child's learning and this will be shared with you via the email provided to the school. Photos will only be shared of individual children and photos of your child will only be shared with you if you have consented via Arbor.

Although Reception children will have an online learning journey, please be aware that we begin to record in books and therefore not all learning opportunities will be captured via Evidence Me.

Below is the link to access the help section and enable you to set up an account to receive your child's learning journey.

<https://help.evidence.me/evidence-me-help-for-parents/>

Email links will go live by the end of the week once your details have uploaded to Evidence Me. If you have not received an email inviting you to join your child's learning journey by Friday 12th September, please email admin@stjosephs.cheshire.sch.uk and we will endeavor to rectify this for you.

Thank you for your continued support. Should you need any more questions answering, please do not hesitate to contact me through the admin email or by speaking to your child's class teacher.

Sophie Howard
