Spelling Frame Trial

September 2025

Dear Parents/Carers,

We are committed to helping your children develop their spelling skills which will support them in their writing and other key areas of learning.

As part of this, we have signed up for a trial with an online platform designed to support children in learning their spellings in an interactive and effective manner.

Spelling Frame is a platform that has been created by a former teacher to support children in learning the pronunciation, meanings and spellings of words. The platform offers a read aloud function so that children can hear the correct pronunciation of the word, the word is also broken down into syllables and it is also read in a sentence to support the children in understanding the meaning of the word. You can also change the site colours to best support your child's needs if they find reading on certain backgrounds difficult.

There is a wide range of activities and games on the website which children can use to practise their spellings each week before taking their test. Tests can also be taken more than once.

As a class, we are going to be trialing the use of this platform between now and the end of November. We will be using the platform during the school day and I will also be setting the children's weekly spellings on there starting from this week. Login details will be added to the front of reading records.

We would appreciate your engagement with this trial and would love to hear any feedback you have about the platform so that we can make a decision as to whether to continue with it's use after the trial period.

Thank you for your continued support
