

Alder Brook Pathways

We nurture and teach children to reach their potential and contribute to an ever-changing world.

Every child follows the pathway that's right for them.

Children can move between pathways as they grow, learn and develop.

Our pathways offer flexible learning, tailored support and meaningful experiences, helping every child feel valued and ready for their next step.

Explore Formal

- Learning about a range of subjects
- Increased independence
- Preparing for the future

Discover Semi-Formal

- Developing independence
- Growing communication
- Broadening learning experience
- Preparing for the future

Engage Pre-Pathway

- Highly individualised learning
- Sensory engagement
- Communication and interaction
- Preparing for the future

Connect Pre-Formal

- Early communication
- Building relationships
- Exploration and engagement
- Preparing for the future
