

WE KNOW STARS

- 1 We know stars and we know them well,
But we've never seen anything quite like this one.
(Repeat with everyone)

CHORUS *We will follow the star,
It fascinates us!
We will follow the star,
See where it takes us.*

- 2 We don't know where it's gonna go,
But we're not gonna stop till we've gone and found it.
(Repeat with everyone)

CHORUS

- 3 People know that we're on the road,
Said, 'Goodbye, cheerio, won't be home tomorrow.'
(Repeat with everyone)

CHORUS

- 4 We know stars and we know them well,
But we've never seen anything quite like this one.
We know stars and we know them well...
