

Summer Term

Year 6 Project homework based on our theme this half term:

'Who can solve the Mesoamerican mystery?'

Children in Year 6 receive English and Maths homework weekly. Alongside this, you should complete at **least 3** projects from the grid below. You could also come up with your own project linked to our theme. Please talk to your teacher if you require any help or support with ideas or resources.

Maya Gods

Find out about the different Maya gods and write a fact file about them.

Maya Cooking

The Maya were fantastic cooks. Research some recipes. Additional challenge-can you make one?

Number patterns

Research the Maya number system. Can you spot a pattern?

Write the numbers 1-100 using the Maya number system. AC-Write calculations using the Maya number system.

Information page

Create a fact page about a SPaG objective that you need to revise. It could be relative clauses, colons, modal verbs etc...

Repeated Patterns

Create some Maya art work using repeated patterns.

Powerpoint

Create a Powerpoint about your learning in RE. Try to include facts others may not already know.

Ball games

The Maya loved to play ball games. Research the different types of games the Maya liked to play. Create an information leaflet all about the different games.

Identity

Research what is meant by identify and create a fact page

Maths

Create a fact page about a maths objective that you need to revise. It could be long multiplication or division, fractions or word problems.

Multiplying Fractions

| STEP 1 | STEP 2 | STEP 3 |
|----------------------------------|-----------------------------------|---|
| $\frac{3}{4} \times \frac{2}{5}$ | $= \frac{3 \times 2}{4 \times 5}$ | $= \frac{6}{20}$ <small>Simplify?</small> |

Art

Recreate some Maya art work.
